

Stock Transfer Guidelines

Thank you for your interest in donating a gift of stock to The Speed Art Museum. While there are several ways to transfer appreciated securities to the Museum, we have found the most efficient method is a direct transfer, via DTC, from your brokerage account to the Museum's account at Schwab.

Many times, we do not receive identifying information from who transferred the stock gift to us. Because of this, it is important to follow all of the instructions below to make sure your gift is handled in a timely and efficient manner.
